

INTRODUCTION and PROGRAM

Over the past 10 years, an unprecedented revolution has taken place in Food Analytical Laboratories. Cumbersome and time consuming techniques are being replaced by powerful tools enhancing accuracy, selectivity, sensitivity and productivity of tests.

Inside the research laboratories of chromatography companies,, new stationary phases, new equipments and new methods have evolved like UPLC[®], Triple Quad MS's TOF, trap, hybrids, QuENCHERS, On-line purification systems , ... now being routinely used by Contract and State laboratories.

AOAC Europe and ASFILAB are proud to present you with the most advanced findings in Food Analysis, and have invited key speakers in the field. Amongst the areas covered by the 2009 Workshop, some key topics have been selected : vitamins, drug residues, allergens, mycotoxins, and Pesticides.

The workshop is aimed at laboratory managers as well as researchers using LC techniques to provide an update on recent developments as well as forming a discussion platform between scientists from contract, academic and public laboratories.

The final program and list of speakers will be available in June. The workshop will feature 3 half-day sessions, starting at 9 am the first day, and ending at 1pm the second day.

CALL FOR PAPERS

Speakers working in the field are asked to volunteer for an oral presentation before May 15th by sending a summary of one page for review to the AOAC Europe Scientific Committee. Please send to : pierre.metra@silliker.eu.com.

CALL FOR POSTERS

Abstracts of Posters related to one of the above areas are also welcome before September 15th (150 words max). Please send to : pierre.metra@silliker.eu.com. They will be reviewed by the Scientific Committee for formal approval.

BEST POSTER AWARD

As previously, the most innovative work will be presented with the AOAC EUROPE BEST POSTER AWARD. The winner will be granted free attendance to the 2010 AOAC Europe Workshop including travel expenses.

LANGUAGE

The official language of the workshop (posters and oral presentations) will be English. Translation will be available for questions/answers sessions.

LOCATION

The workshop will take place at Espace Saint Martin 199 Bis Rue Saint Martin 75003 in the heart of Paris.

METRO Stations

Station Rambuteau Métro N° 3
Station Réaumur Sébastopol Métro n° 3/4
Station Arts et Métiers Métro n° 3/11
Station "Chatelet – Les Halles" RER A ou B

ACCOMMODATION

A list of hotels is available on the website of Espace Saint Martin :

REGISTRATION FORM

AOAC/ASFILAB International Workshop

“New trends on Food Analysis :
from LC MS-MS to UPLC”

*Vitamins, Drug residues, Allergens, Mycotoxins and
Pesticides*

Title (Mr/Ms/Dr):

First name:

Family name:

Organisation:

.....

Street:

Postal code:

City:

Country:

Telephone:

Fax:

E-mail:

Date:

Signature:

Please return to :

Christine Chambelland (see “CONTACTS”)

REGISTRATION FEES (VAT incl.)

ASFILAB or AOAC Members 300 EUR

AOAC Non Members 350 EUR

ASFILAB Non Members 350 EUR

ASFILAB Annual Membership 40 EUR

CREDIT CARDS CANNOT BE ACCEPTED

The registration fee includes:

- ❖ admittance to all scientific sessions
- ❖ lunch, coffee and refreshments

Registration becomes definitive only when payment has
been received by ASFILAB to the following bank :

CREDIT AGRICOLE Bourg la Reine

Bank code 18206 – 00011

Account number 56935758001 – 81

For international transfers please use the following codes:

IBAN :
